| Is your fire alarm system panel displaying                                                                                                                                                                                                                                                               | a green power-on light? | YES                                           | NO                               |

Because most sprinkler systems are located either in the basement or some where they can not be tampered with, proper authorization may not be available to check on the operating status. However, most fire alarm panels will have a separate sprinkler zone identifying the different alarm zones and its' working status maybe shown on this panel.
